Mark,

I cut and pasted and somewhat updated an old resume of mine. Will this work for you?

Senior Environmental Manager

First full time Section 401 Water Quality Certification project manager for the Indiana Department of Environmental Management. Reviewed approximately 5000 projects for compliance with the pollution control laws and regulations of the State of Indiana as part of the Section 401 Water Quality Certification review process. Reviews required an evaluation of the projects impacts upon existing water quality and aquatic habitat, mitigation plans, and potential impacts of the propose activities. Executed 3000 on-site investigations to determine existing water quality and aquatic habitat conditions. As the first full time Section 401 Water Quality Certification project manager have developed the review

procedures and decision making policies that have being used to develop rules and state legislation. Represented the Indiana Department of Environmental Management in meetings with applicants, state and federal legislators, and all levels of local, state and federal agencies. Advised, trained and directed all new project managers. Wrote and obtained a grant for the Indiana Department of Environmental Management to fund a position to develop Section 401 Water Quality Certification procedures. Wrote and obtained a grant for the Indiana Department of Environmental Management to fund a position to review wetland mitigation within the State of Indiana.
